Dear Business Taxpayer:

As a business owner in West Virginia, your business personal property is subject to ad valorem taxes. **You are required under West Virginia law to complete Form STC 12:32C - "Commercial Business Property Return" and return it to our office on or before September 1st.** The filing deadline is established by law and is extremely important. State law allows the Assessor to prepare estimated returns for those businesses that do not respond on time. Businesses that file late or who fail to file, will have their taxes based on estimated values, and **forfeit the right to challenge erroneous or over-estimated values.** Under West Virginia law, it is **your responsibility to see that your assessment is properly filed.** If you have an accountant prepare your form, you are still responsible for seeing that this form is filed with our office.

Failure to file may cause complications with vehicle license renewal, as vehicles are not carried forward automatically from year to year. Also, non-filers may be subject to an additional penalty of \$25-\$100. This penalty is mandated by the West Virginia State Tax Department under WV code 11-3-10.

We have prepared this brochure to assist you in fulfilling your obligations as a business taxpayer. Our office is trying to make this process easier for the business taxpayers of Monongalia County. Your comments and suggestions are always welcome and your cooperation will be appreciated.

Sincerely,
Assessor of Monongalia County

Your assessor does not set your property tax. Your tax bill is determined by multiplying a tax rate against your assessed value (60% of market value). Remember, the Assessor determines your assessed value and the levy rate is determined by the legislature (for the Board of Education), the County Commission, and the municipalities. Levy rate sheets are prepared for your convenience and may be obtained in the Assessor's Office.

WHAT IS PERSONAL PROPERTY?

- Personal property is the tangible assets used in operation or held as salvage in the operation of a business.

WHY DO BUSINESSES FILE PERSONAL PROPERTY FORMS?

- WV law requires that all businesses with personal property file form STC 12:32 C. It is the taxpayer's responsibility to provide a complete list of all assets to the Assessor.

WHO MUST FILE THE FORM?

- Any business that holds tangible assets being used in operation or held as salvage.

WHAT OTHER FORMS MUST BE FILED?

- Vehicle, motorboat and farm equipment dealers must file a Dealers Inventory Worksheet along with an Income Statement.

HOW DO I GET THESE FORMS?

- The Assessor's Office will mail these forms to all businesses with active accounts, the first week of July. The forms can also be found at the Assessor's Office or downloaded from www.assessor.org. Failure to receive a tax form does not relieve the taxpayer of the requirement to file.

WHAT DO I NEED TO SEND WITH THE BUSINESS PROPERTY RETURN?

- Asset Detail, containing the purchase date and the cost of the property
- Balance Sheet
- Depreciation Schedule

DO I HAVE TO COMPLETE ALL THE SCHEDULES OF THE FORM?

- Yes, your return may be rejected if it is not filled out correctly and completely.
- Your business must file for the assets held in the county on July 1st, even if the business is not operating or closed.

WHEN DO I FILE?

- Businesses must file for the assets held on July 1st of the current year.
- All Commercial Business Property Returns must be received in the Assessor's Office by September 1st each year.

HOW DO I CONTACT SOMEONE WITH MY QUESTIONS ABOUT THE FORM?

- Contact us by phone at 304-291-7224 or 304-291-7205.
- If you need help, please contact us before the filing deadline and assessments are estimated.
- To submit a completed form electronically, please send all required documents to: businesspersonalproperty@assessor.org

WHAT HAPPENS IF I DO NOT FILE?

- The Assessor will estimate a valuation and create a bill based on the best information available.
- A penalty for not filing the tax form will be included in your tax assessment valuation.
- Vehicles will not be carried forward onto estimated bills. This may cause complications with vehicle license renewals.
- Assessments filed by the staff could include errors which may not be resolved in your favor.
